SUBJECT: Letter of Recommendation for Mr. Bruce E. Kendall

1. As the Base Multimedia Manager, I have worked with Mr. Kendall for the past three plus years. He has shown exceptional talent in all aspects of Graphic Arts. His superior knowledge, skills, and abilities in his approach to every assignment are unsurpassed.
2. His team approach has made him an invaluable member of the graphics section. His work ethic is to accomplish the mission in a professional, customer oriented, cost effective manner. Mr. Kendall has one of the broadest knowledge bases I have had the pleasure to interface with. He has the skills to accomplish any task assigned from simple layout to the most complicated projects.
3. Bruce was presented the Air Force Materiel Command coin by General Lyles, Commander AFMC, for his Web Page design. This was only one of his many accomplishments and recognition from our wide customer base. He has the uncanny ability to visualize what the customer needs and expand on the concept to give them something that they can be proud to display.
4. Mr. Kendall has terrific management skills and abilities. He seems to bring everyone together as a cohesive team with one mission in mind, "Customer Satisfaction". Bruce is able to manage personnel and workload very effectively. He is a multitasked type of person and is able to assign and accomplish work by priority and the level of effort. He is able to balance the requirement with the workload and the specialty of each individual.
